

## **Response to COVID-19 (Coronavirus)**

**We are taking the current situation with coronavirus seriously and are taking measures, based on government advice, to protect our staff, clients, tenants, contractors etc.**

**We are following advice as it emerges from the Scottish Government and our regulatory bodies.**

**Whilst we do not have any reported incidents of the virus, we do not wish to expose anyone unnecessarily.**

**We will therefore not be carrying out any non-urgent maintenance and stopping inspections until further notice. We are, however, continuing with landlord safety checks unless or until we are unable to do so.**

**We will not knowingly put anyone at risk and we ask that people continue to follow the Government guidelines and take all necessary precautions.**
